My eMail . . . . .	8
My Car . . . . .	9
My Water Bottle . . . . .	10

## HOW TO USE THIS eWORKBOOK

The "My Name Is . . ." personalised eWorkbook is a wonderful way for children to learn how to write their name. The activities are meaningful and put learning into context. It contains a helpful parent's guide and 10 personalised and motivating eWorksheets.

### THE PARENT'S GUIDE

The parent's guide provides a letter writing guide, modelling the formation of individual letters in the alphabet. Additional ideas are included to assist parents with providing quality, multi-sensory activities, which help children learn to write their name.

### THE eWORKSHEETS

- are personalised
- provide purposeful and meaningful activities
- aid the development of fine motor skills
- are inviting and can be given to the child many times
- conclude with a think task, encouraging a higher level of thinking

### PARENT TIPS

- It is not necessary to use the eWorksheets in order. Allow the child to choose.
- Carefully read the instructions to the child.
- Offer praise and encouragement for all efforts made by the child.
- Reissue the eWorksheets to build the child's confidence and fine motor skills.
- Value the child's work. Cut around the border and proudly display it.
- Propose the think tasks while out shopping, during dinner, while driving or in the bath.
- Include older children or adults in the think tasks to promote broader thinking.

### PRINTING TIPS

- It is not necessary to print the cover, introduction and parent's guide. These pages can be read and revisited on your computer screen. To save paper and printing costs, print only the eWorksheets; pages 1-10.
- The eWorksheets are designed to be printed in either colour or black (grayscale).
- If the eWorksheets do not print correctly, refer to printing help and tips in the Adobe® Reader® software.
